Beds, by Mondo Collection

Manhattan-based furniture and lighting showroom Mondo Collection stocks well-made contemporary pieces from around the world. Its latest range of beds – the ‘Wing’ (pictured, by Presotto), the ‘Brera’ (by Claudio Lovadina) and the ‘Bam Bam’ (by Terry Dwan) – offer typically fine craftsmanship, while the materials used range from Italian leathers to cashmere yarns. A choice of wood finishes is available, as are extras such as nightstands and an LED light kit.
