

BAL

Stool

SKU: PIMOAR-403-BAL STOOL

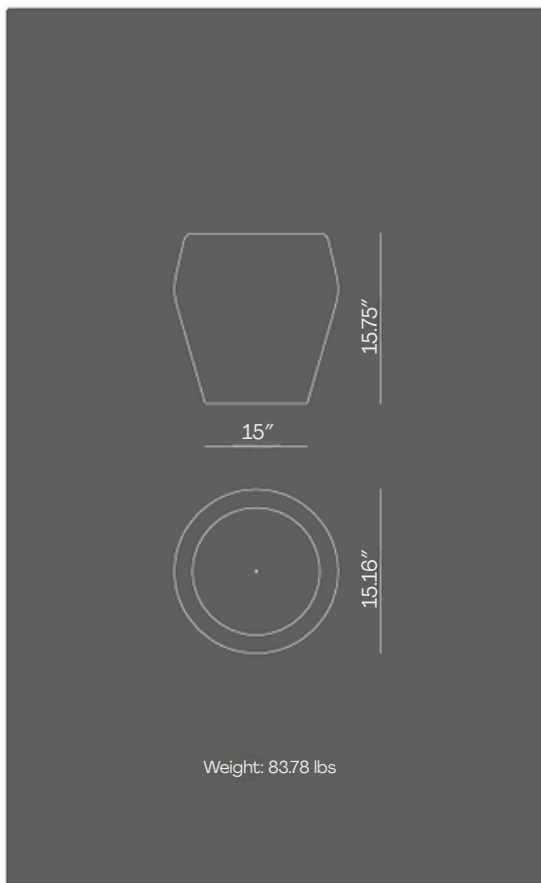

Bal is part of a collection of three seats designed by Giulio Iacchetti and produced using the turning technique. Bal is inspired by simple solid geometric shapes, interpreted in the three typical colours of Pimar natural limestone: white, beige and grey. Bal formal profile is characterized by light variations in the design of the section. Thanks to the monolithic appearance, Bal may also perform as a bollard.
