

GAS

Stool

SKU: PIMOAR-403-GAS STOOL

Gas is part of a collection of three seats designed by Giulio lacchetti and produced using the turning technique. Gas is inspired by simple solid geometric shapes, interpreted in the three typical colours of Pimar natural limestone: white, beige and grey. Gas formal profile is characterized by light variations in the design of the section. Thanks to the monolithic appearance, Gas may also perform as a bollard.

Materials

Beige stone

Weight: 83.78 lbs
